

Dear Parent/ Guardian (s):

We are happy to announce that we will be implementing the Sanford Harmony Program into our school!

Sanford Harmony is a research based, highly effective teaching strategy program that reinforces and strengthens peer relations with one another. The program will be incorporated as part of the classroom this year. The purpose of this program is to create a positive environment- a classroom in which students work cooperatively and form positive relationships with one another. The program is designed for students in pre-k through sixth grade to improve student cooperation, collaboration, and problem solving, helps to reduce teasing, bullying, and aggression, establishes trust and encourages empathy, promotes harmonious peer relationships, and includes materials for both teachers and parent communications.

We look forward to introducing this program to the students and encourage you to help your child reinforce what they have learned at home so we can all work together as one to build and create a harmonious learning environment at home and school and create a better world!

There will be a “Coffee Talk” on October 18th at 8am for anyone interested in attending at the social hall.

We will have a speaker coming in to discuss in further details about the Sanford Harmony Program. We hope that you can come join us so you can hear more about this wonderful program.

Thanks so much!!

Catalina Osorio and Laurie McRae
